Verigo

A range of Cold Chain Data Loggers for monitoring temperature and humidity.

Cold Chain Monitoring Easier than ever. Save time, ensure quality,and increase visibility of your temperature controlled logistics operations.
NO wires or WiFi required.

Pod Temp (PB3)

Long lasting reusable BLE Pod that records up to 40,000 data points with high accuracy.

Functional Range	-20°C to 60°C
Wireless Range	Up to 30 meters
Battery Life	1.5 to 5 years
Accuracy	± 0.5°C
Memory	40,000 points

Pod Humidity (PA3)

Reusable Pod that measures temperature and relative humidity . Offers a total of 80,000 data points between RH and Temp.

Functional Range	-20°C to 60°C, 0-100% RH
Wireless Range	Up to 30 meters
Battery Life	1.5 to 5 years
Accuracy	± 0.5°C, ± 3% RH typ.
Memory	40,000 points

Pod Probe (PE1)

Recording and wireless transmission of temperature data at temperatures as low as -80ºC.

Functional Range	-80°C to 80°C
Wireless Range	Up to 30 meters
Battery Life	1.5 to 5 years
Accuracy	± 0.25°C
Memory	40,000 points

Pod Cryo (PG1)

Records and wirelessly transmits temperature data at temperatures as low as -200°C.

Functional Range	-200°C to 100°C
Wireless Range	Up to 30 meters
Battery Life	1.5 to 5 years
Accuracy	± 0.25°C
Memory	40,000 points

MOBILE APPS

- Use any phone or tablet to **View, Sync, and Share** data at any and all points in the chain.

- Share data via **PDF and Excel reports** directly from wherever you are!

- Start and Stop Pods in the field in seconds, with all recorded data stored automatically.
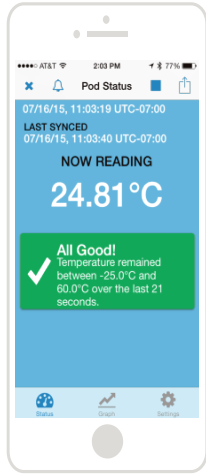

Verigo's app is available on Google Play for Android or the App Store for and iOS.

CLOUD

Redundant, secure, and scalable: utilizing Amazon Web Services platform.

All shipment data is automatically synchronized to your secure account on Verigo's Cloud in real-time.

- Worldwide **Email and SMS** excursion / violation alerts.
- Individual Company Account and user management.
- GPS tracking map and "Event Log" interaction audit
- PDF and Excel reports on demand

Ask about our server integration tools & Web API!
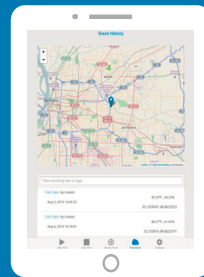

HARDWARE

Make your shipments "SMART" by attaching Verigo Pods: empower continuous communication of shipment conditions,
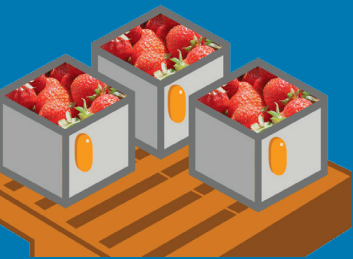

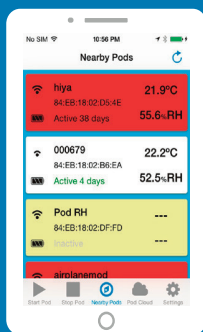

NO wires or readers required!

See inside the box. Communicate wirelessly up to 30 meters through box and container walls.

- **Configure Pod Settings on the spot for your exact needs.**

  -Threshold Limits, Start Time, Logging Intervals, and more!

- **Start Pod with the press of a button** or with phone/tablet using mobile app

MODELS

Pod Temp

Long lasting, multi-use Pods record up to 40,000 temperature points for each session with high accuracy.

Pod Humidity

Shipping fresh produce or other humidity sensitive products? Keep an eye on both temperature and moisture with this Pod.

Pod Probe

Need to measure extreme ranges or penetrate for core temperatures? Record and wirelessly transmit data from -80 to 80°C.
